#### Original container siphoning

Eliminates the hassle of cleaning tanks and pots

#### Simple controls

Just pull the trigger

#### Easy Out™ filter

Strains paint at the pump  
 Not at the tip  
 Tip clogging a concern of the past

#### Fold-down handle

For easy transport

#### Preset automatic pressure control

"In depth" spraying: lines remain visible after mowing

#### High performance piston pump

Job-proven  
 long life design

#### Tall wheels

Tall wheel design and lightweight  
 Ensures straighter, more even lines  
 with less operator fatigue

#### Removable hand gun

With 7,5 m of hose  
 No-tools removal

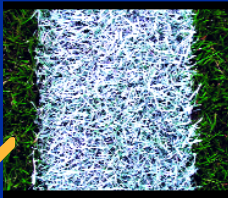

#### Typical applications

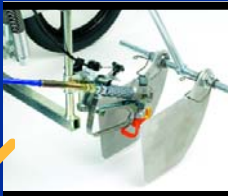

Stripe long straight lines  
 Paint circles, arcs and corners  
 Just detach the gun to spray stencils, logos or large solid areas

Airless spraying:  
 Atomizes the paint  
 Produces fine particles  
 Bright, sharp and uniform lines

Only one pass paints the line completely. Airlessly sprayed paint dries quicker. Field can be used fast.

Changing spray width without tools:  
 Widen the spray shield  
 Or change gun height  
 Or change spray tip
